- 🎧 Awards are open to all UCSB undergraduate and graduate student music majors in the Music Department, the College of Creative Studies, and the Media Arts and Technology Program registered during the academic year 2016-2017.
 - 🎧 Every applicant may submit works in a maximum of two categories, one piece each. A Corwin Award 1st prizewinner in a category the previous year is ineligible for an award in that category. Submission forms are available at music.ucsb.edu/programs/composition#corwin%20awards
 - 🎧 For all except electronic submissions, each complete composition must be submitted in full score as a pdf on a properly labeled CD or flash drive or in an e-mail. *Please submit the filled form in print and also include it as a pdf file in the e-mail or CD or flash drive submitted. Do not upload materials for downloading.* Entrants retain all rights to their material.
 - 🎧 Sound files (e.g. aif, wav, mp3) are requested where possible on a CD or flash drive. For electronic works, this is a requirement; multichannel works must also be supplied in stereo.
 - 🎧 Decisions of the judges are final. If the judges do not find an entry of merit in any of the five categories, an award will not be made in that category.
 - 🎧 Neither the Department of Music nor the grantor of the awards assumes any responsibility for the loss of any material submitted.

Deadline for submissions: 4:00 pm, Wednesday, April 19, 2017
