**Fall Quarter 2022 Wind Ensemble Auditions will be held on:**

**Friday, September 23**  
**Sunday, September 25**

You may sign up for an audition using the "Wind Ensemble Audition" list posted on my door.

Wind Ensemble Auditions take place each quarter during the first week of class (commencing the first applicable class meeting time) and require only that you demonstrate to me how well you play your instrument.

Toward that end, it is helpful if you have something prepared so that I know how you do with familiar material. In lieu of prepared material, I will ask to hear a scale or two to demonstrate range, tone, and general command of the instrument. The audition ends with sight reading. This process takes around ten minutes.

PLEASE NOTE: The Wind Ensemble is not a symphonic concert band - the number of players per part is limited - the ensemble size is determined by literature and will vary by piece. Be aware that membership is competitive - if there is a large turnout, individuals may be asked to re-audition the following quarter - your participation is a privilege NOT an entitlement. Inquiries welcome. Attend first class meeting on Thursday, Sept. 22 in GHall.

**MusA 34,134,234 Audition Required**

The University Wind Ensemble is open to all students, faculty, staff and community members.
